Cesarean Section ERAS Diet and Nutrition PreOP	
	URL: "\appt1pathways enhanced recovery after surgery.pdf" URL: "\appt1for Antenatal and Preoperative care in Cesarean Delivery.pdf" URL: "\appt1Guidelines for Preoperative Fasting.pdf"
[] NPO except clear liquids, start 8 hours prior to surgery	Diet effective now, Starting S NPO: Pre-Operative fasting options: Pre-op
[] Clear liquids can be continued until 2 hours prior to surgery	Diet effective now, Starting S Diet(s): Clear Liquids Other Options: Advance Diet as Tolerated? Liquid Consistency: Fluid Restriction: Foods to Avoid: Pre-op
[] Provide 1 bottle Ensure Pre-Surgery Clear to all non-diabetics at PAT visit. Instruct Patient to complete by 2 hours prior to surgery. acetaminophen (OFIRMEV) IV	Routine, Once For 1 Occurrences, Pre-op
[] acetaminophen (OFIRMEV) IV	1,000 mg, intravenous, for 15 Minutes, once, For 1 Doses, Pre-op to be given upon arrival to OR IV acetaminophen (Ofirmev) is restricted to use only in OR, PACU, or ICU areas, and for patients that cannot tolerate oral, per tube, or rectal routes of administration. Do you attest that this restriction has been met?

General

Pre Anesthesia Testing Orders

The ambulatory orders in this section are specifically for Pre Anesthesia Testing. For additional PAT orders, please use 'Future Status' and 'Pre-Admission Testing Phase of Care'

Other Diagnostic Studies	
[] ECG Pre/Post Op	Routine, Ancillary Performed, Status: Future, Expires: S+365, Pre-Admission Testing
[] Pv carotid duplex	Status: Future, Expires: S+365, Routine, Clinic Performed
[] Us vein mapping lower extremity	Status: Future, Expires: S+365, Routine, Clinic Performed
] Respiratory	
[] Spirometry pre & post w/ bronchodilator	Routine, Status: Future, Expires: S+365, Pre-Admission Testing Encounter type?
[] Body Plethysmographic lung volumes	Routine, Status: Future, Expires: S+365, Pre-Admission Testing Encounter type?
[] Diffusion capacity	Routine, Status: Future, Expires: S+365, Pre-Admission Testing Encounter type?

-	Spirometry	Routine, Status: Future, Expires: S+365, Pre-Admission Testing Encounter type?

Consults
For Physician Consult orders use sidebar

Physician Consults	
[] Consult Anesthesiology	Reason for Consult? Patient/Clinical information communicated? Patient/clinical information communicated? L&D Pre-Delivery
[] Consult Maternal and Fetal Medicine	Reason for Consult? Patient/Clinical information communicated? Patient/clinical information communicated? L&D Pre-Delivery
[] Consult Neonatology	Reason for Consult? Patient/Clinical information communicated? Patient/clinical information communicated? L&D Pre-Delivery
Ancillary consults	
[] Consult to PT eval and treat	Reasons for referral to Physical Therapy (mark all applicable): Are there any restrictions for positioning or mobility? Please provide safe ranges for HR, BP, O2 saturation(if values are very abnormal): Weight Bearing Status: L&D Pre-Delivery
[] Consult to Social Work	Reason for Consult: L&D Pre-Delivery
[] Consult to Spiritual Care	Reason for consult? L&D Pre-Delivery
