### COVID-19 Vaccine Consent Form and Scheduling

If you are scheduled to get your COVID-19 vaccine through HM, you will need to access the online consent form in the [Employee Health Portal](#) prior to getting your vaccine.

If you are unable to attend your appointment, please take responsibility for canceling and rescheduling it, much like you would do for a doctor's appointment. Please know that if you show up for a vaccine without an appointment or at the wrong time, you will be asked to return later.

To access the form and/or cancel and reschedule an appointment, login to **MARS** and click the **Employee Health Portal** tile or click [here](#).
