

IV PUMP INTEGRATION

Starts June 8 at HM The Woodlands

IV Pump Classroom Training – April 26 - June 4

Sign up for training in LMS now.

IV pumps will be integrated with Epic at HMTW beginning June 1. To prepare, you are required to attend classroom-based training.

If this applies to you, training has been assigned to you in LMS and you need to register for a session applicable to your role.

Training will be held April 26 - June 4 in the HMTW Main 3rd floor Computer Lab (room 3461). Each course is two hours long.

To select a session, search for the applicable **Epic IV Pump Integration Training** course ID in LMS.

- **ED Only** - Course ID: 1589056
- **Infusion Therapy Only** - Course ID: 1589057
- **All Other Units** - Course ID: 1589055

For more information or assistance with class registration, contact Brenda Lee (bklee@houstonmethodist.org) or Epic Training (epictraining@houstonmethodist.org).

Impacted units:

- 4N, 5N, 6N, 6S Med Surg
- AOD (OR/Spec Procedures)
- Cath Lab
- ED (Main/Woodlands ECC)
- Endoscopy
- ICU
- Infusion Center
- Inpatient Holds (AOD/PACU)
- Interventional Radiology
- Women's Services (Antepartum, L&D, NICU, OB ED)

Benefits of IV Pump Integration

On Tuesday, June 8, IV pumps at HMTW will be seamlessly integrated with Epic, resulting in

- Better patient outcomes and improved safety.
- Less time documenting and more time caring for patients.
- Reduced need for manual searches and documenting IV med details.
- More detailed and precise documentation.
- Decreased potential errors when managing complex IV infusions.
