

# PHYSICIAN CONNECT All Providers

## Use New Portal Instead of Apps Center

If you use [apps.houstonmethodist.org](https://apps.houstonmethodist.org), there's now a replacement platform available, [access.houstonmethodist.org](https://access.houstonmethodist.org).

- Apps Center will eventually go away, redirecting you to Access.
- Access provides the same remote access as Apps Center but will allow us to add more apps in the future.
- If you see multiple copies of the same app, use the app with only the Microsoft name (Excel, Word, etc.).
- Apps that include "Austin" are for disaster recovery use.
- To see all apps available to you, hover over **Categories**, then click **All Apps** from the dropdown.
