

Continuing Education Activities

Recording Attendance

Attendance management for in-person & virtual (live) activities that don't require pre-registration

Your attendance at Houston Methodist continuing education activities will be recorded by texting in an attendance code (using your mobile phone) to 713.581.6953 at each session/activity you attend. You have until midnight on the day of the activity to text the attendance code/record your activity.

You must create a learner profile to verify your mobile number. Creating a profile is a simple, one-time set-up that takes approximately five minutes to complete and comes with multiple benefits.

Your learner profile can be used to:

- Register for upcoming Houston Methodist continuing education activities
- View activity history and download credit transcripts
- Print certificated
- Complete Maintenance of Certification (MOC) assessments, when applicable
- Add/track credits for non-Houston Methodist activities
- View order history for purchase
