TECHNOLOGICAL INNOVATION — REDEFINING THE FUTURE OF MEDICINE

CENTENNIAL TOWER

Construction is underway for Centennial Tower, in commemoration of Houston Methodist's second century of leading medicine. The \$1.4 billion project will begin a phased opening in 2027, with:

- 400 patient beds
- Nine operating rooms
- New emergency department
- Transplant, medicine, intermediate and intensive care as well as enhanced radiology services

Centennial Tower will connect to Walter Tower, which opened in 2018.

VIRTUAL ICU

Houston Methodist's virtual ICU (vICU) uses predictive analytic tools to anticipate patient decompensation and expedite intervention through:

- Cameras and monitors installed in all 163 ICU rooms at Houston Methodist Hospital and more than 300 in ICU rooms across our system hospitals
- Intensivists and critical care nurses staffing the vICU 24/7
- Capturing real-time physiological data and rapidly identifying critical risk factors

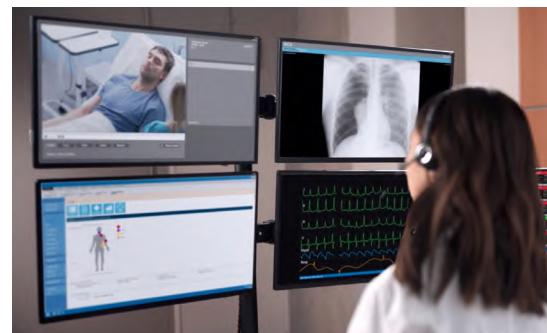

Preliminary qualitative outcomes at Houston Methodist have indicated favorable responses from patients, families and physicians.

TELENURSING

TeleNursing provides internal remote support to bedside operations during admission, discharge and observation, including:

- Epic documentation, placing consults and completion of nursing admission profiles
- Identifying barriers to discharge, verbal discharge instructions and confirmation of preferred pharmacy
- Observation patient chart review, reconciling completed tests and consultations, and identifying barriers to discharge

As this new program rolls out to acute care units across Houston Methodist, successful outcomes continue to emerge, including improved patient experience and reduced average length of stay.

MITIESM: HOUSTON METHODIST INSTITUTE FOR TECHNOLOGY, INNOVATION & EDUCATION

MITIE is an innovative virtual hospital and hands-on clinical training facility for health care professionals, and enables clinicians to develop and integrate new technologies into their practices.

LOCAL, REGIONAL & GLOBAL IMPACT

OUR IMPACT

Houston Methodist offers referring physicians connectivity to us and their patients, no matter where they are.

- Houston Methodist leverages technology and processes (such as EpicCare Link) to ensure referring physicians remain members of their patients' care teams.
- Referring physicians have the opportunity to elevate their skills and connect with other leaders through our educational courses and conferences.
- Houston Methodist comprises a leading academic medical center in the Texas Medical Center and seven community hospitals serving the Greater Houston area.
- Each hospital is staffed by committed personnel who exemplify our core values.
- Our reputation for outstanding care, treatment and research attracts patients locally, regionally, nationally and globally.

OUR REACH

- **All patients:** We offer multiple hospitals conveniently located across the Houston area.
- **Out-of-town patients:** We make visiting Houston Methodist as easy, comfortable and welcoming as possible.
- **International patients:** We are privileged to treat thousands of international patients who travel from 90 countries across the globe for specialized care.
- **Education:** We train tomorrow's leaders through international educational programs.
- **Global partnerships:** We help improve the quality of care internationally through projects and partnerships.

OUR VALUES

Our I CARE values are at the heart of our mission and what sets Houston Methodist apart from other health care systems.

- **Integrity** — We are honest and ethical in all we say and do.
- **Compassion** — We embrace the whole person and respond to emotional, ethical and spiritual concerns as well as physical needs.
- **Accountability** — We hold ourselves accountable for our actions.
- **Respect** — We treat every individual as a person of worth, dignity and value.
- **Excellence** — We strive to be the best at what we do and a model for others to emulate.
